

## About Us

Wynnstay helps livestock and arable farmers to produce food in a more sustainable, environmentally friendly and profitable way. We provide our customers with quality products and specialist advice, and engage with farmers through a variety of channels - in-store, on-farm, and digitally.

## Our Trading Area

## Our Business

### Agriculture

The Agriculture Division manufactures and supplies a comprehensive range of agricultural inputs including feeds, fertiliser and processed seeds, and provides grain marketing services to arable farmers

### Specialist Agricultural Merchenting

The Specialist Agricultural Merchenting Division supplies a broad range of agricultural products for farmers and the wider rural community. Products include bagged feed, animal healthcare products, hardware, and livestock equipment.
